Cody Sewell

Gainesville, FL 32608   (787) 308-9244   codysewell1@gmail.com

---

Intuitive and results-driven individual with over 3 years' experience in client management, programming, and data analysis. Proven successful in identifying and mitigating technical errors, developing and debugging minor software coding, and enhancing business productivity with virtual tools and organization. I've always had a passion for computers and programming, and it's my dream to make a career out of it.
